

I pēnei ai *School Snapshots*

PURPOSE

Many Māori medium settings have been implementing Te Marautanga o Aotearoa in their schools over the past 2 years. We would like for kura, whānau and students to share their stories to assist other kura who are beginning this journey.

EXAMPLES

The following are examples from the New Zealand Curriculum Online Community.

<http://nzcurriculum.tki.org.nz/Curriculum-stories/School-snapshots>

- Tapanui School - Developing curriculum change
- Merivale School - Consulting with whānau

KOHA

"Ahakoa he iti he pounamu"

We would like to show our appreciation for your time or the time of the group identified to co-author this school snapshot.

We are able to provide a koha of \$150 for your time and for sharing this taonga for others to work from.

WHAT IS A SCHOOL SNAPSHOT?

It is a narrative co-authored by you or a group and the project coordinator.

The kura sets the topic, identifies those to be involved and a timeframe for completion with the coordinator. This may be 1, 2 or a group of people. On average a total of 2-3 hours work.

It is about 1-2 pages long and very concise. We invite you to include some visuals e.g. photographs to illustrate your journey.

««« Please take a look at the examples.

Once they have been completed and all parties agree it is then published online on the Te Marautanga o Aotearoa online community for other Māori medium settings to use as reference.

Your school name will be included.

Contact

Should you wish to participate in the development of a story to share please make contact with
